Institute for Nuclear- and Energie Technologies (IKET)
Hermann-von-Helmholtz Platz 1
76344 Eggenstein-Leopoldshafen
Germany

Dear NET-Tools coordinator,

I am pleased to confirm that _____ is fully supportive of the Net-Tools project activities. Furthermore _____ has a specialism in hydrogen and fuel cell technologies and would like to support the project in the development of content for the Net-tools platform. Specially we are interested in the following topics (select options of interest to your organisation):

- Using the E-Laboratory Toolboxes and E-Learning contents to support education / training within my organisation
- Contribute to review and update the E-Laboratory Toolboxes to be made available on the Net-Tools platform
- Contribute to review and develop E-Learning contents to be made available on the Net-Tools platform
- Make suggestions for potential for contribution to the Net-Tools platform using existing educational materials and especially experimental data for inclusion in further processing and activities
- Contribute to the development of the business concept

- In addition, I support the Net-Tools project activities and recommend that future FCH JU funded projects make the best use of the platform by using it as a common repository of training and educational materials.
